Dr P Smythe-Wood’s Irish Newspaper Index
Selected families, mainly from Ulster
‘SERIES B’

The late Dr Patrick Smythe-Wood presented a large collection of card indexes to the IGRS Library, reflecting his various interests, - the Irish in Canada, Ulster families, various professions etc. These include abstracts from various Irish Newspapers, including the Belfast Newsletter, which are printed below.

Abstracts are included for all papers up to 1864, but excluding any entries in the Belfast Newsletter prior to 1801, as they are fully available online. Dr Smythe-Wood often found entries in several newspapers for the one event, & these will be shown as one entry below. Entries dealing with RIC Officers, Customs & Excise Officers, Coastguards, Prison Officers, & Irish families in Canada will be dealt with in separate files. In most cases, Dr Smythe-Wood has recorded the exact entry, but in some, marked thus *, the entries were adjusted into a database, so should be treated with more caution. There are further large card indexes of Miscellaneous notes on families which are not at present being digitised, but which often deal with the same families treated below.
